Forecast For Dumfries, Galloway, Lothian & Borders
Issued by Met Office Aberdeen
at 0400 on Thursday 11 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Very cold start, but dry and bright.

Today:
All parts will have a dry and cold day with plenty of winter sunshine. A little high cloud spreading across Dumfries & Galloway later. Feeling very cold in the west in strengthening winds. Maximum temperature 2 deg C (36 deg F).

Tonight:
Some clear spells overnight but more in the way of cloud in the west, strong winds around western coasts later too. Lower temperatures likely in the east. Minimum temperature -2 deg C (28 deg F).

Friday:
At times a cloudy day in the west but mainly dry, accompanied by strong winds and coastal gales. A few snow showers skirting with the coasts in the east. Maximum temperature 4 deg C (39 deg F).

Outlook for Saturday to Monday:
Bright start on Saturday but becoming cloudier with some patchy rain or snow possible in the west. More definite rain and sleet on Sunday and Monday, gales around the coasts.
